Do you want to “Pop the Question” in style?

Are you looking for the most unique and creative way to propose in th Riviera Maya?

You've come to the right place! With this package, we will work with you to complete your dream proposal.

Imagine this: We start with a few photos outside of a cenote. Then, “bump into” a Shaman, and she invites you to a ceremony to bless the cenote. You both accept. As you take your place for the ceremony, you are in awe of the colors, the beauty, the sounds of the birds, and the smell of the copal. As the ceremony progresses it converts into your proposal. Your partner is in shock! After they say yes, and wipe their tears, more photos and lots of fun!
